

Oye pottiluu 🙏 ❤️, ma chitti paapayiki... puttina roju jejeluu.....🎉

Prathi sari, note ending lo surprise undedhi, but ee sari for a change i made this note itself surprising 😅. I don't know if you are really waiting for this, but sending this to you makes me happy. Mana iddhari madhya unna sampradhayam nilabettukuntu, nikosam konni pichchi maatalu 😂.

Nuvvu chaduvuthunna na chethi raathalu, na manasuna unna maatalu, evo naalugu aksharalu pogesi rasinadhi kadhu, manaspoorithiga rayunadhi.

Andhariki chala dhooram ga unnav kani, naku mathram eppudu dhaggaraga ne unnav ela antava... chala situations lo nuvvu na pakkane unnatlu untundhi, some or other way you are included in my daily routine, konni situations ela ante, naku nidhra levagane na mobile wallpaper ayina aanjaneya swami ni choodatam na alavatu, next na gallery lo favourites section lo ma family photo untundhi adhi choostha, I never skip this and don't look at anyone even if they are right in front of me, but sometimes what happens is, aa favourite section lo madam gaari photo kuda okati untundhi adhi kuda just next to family photo untundhi, so sometimes aa nidhra matthulo ni pic open chesi 1st choose face nidhe avutundhi, ala many times my day started looking at you, appudu nenu poni le ma buddadhi....akkalantidhi.... family lo part ey le anukoni oka inner smile tho I wake up from my bed 😅 ❤️. Ee madhya asalu chaala isolated ga untunna, least surrounded by people most of the time, I walk alone, go out alone, shops alone, restaurants alone, movies alone, almost all that I do, and the unpaid companion that I always have with me is music, eppudu paatalu vinukuntu ala gadipestha, and most of my playlist will be old songs, and you know what even at all these moments i feel your presence, you know how, in most of the songs i listen, it would always be describing on your name priya, from the songs that were in 90's to 2k's that name has become iconic, such a beautiful name you have, so subconsciously all the thoughts run around you and you are rememberd. Even when I'm traveling those hordings around and the wall paintings all the way are being displayed with that priya brand food advertisements, that sparks you in my mind, so many more such things happen unknowingly and brings me a thought of you. Niku nen cheppindhi over ga anipinchina parle, those are really experienced by me, and leaves me with a smile on my face 😊 ❤️. So no worries for me that I'm alone, there's a devil always with me 😂.

Nuvvu eppudyna manam clg lo ela undevallamo gurthu cheskunnava, adhi thaluchukunte nake artham kadhu ela ra antha sepu matladukunevallam ani, prathi roju message, call lekunda end ayyedhi kadhu, hours of phone calls, km's of daily chats, and if we recall them sodhi maatalu, kottukodam, navvukodam, sticker aata aadatam, Inka appudappudu edchukodam kuda 😂, all those emotions are now fun to remember, kani ippudu evari life lo vallu busy ayipoyi kanisam ela unnav, em nadustundhi life lo ane conversation kuda rare ayipoindhi. Sometimes I badly miss those endless talks, laughter, fights, everything.

Na life lo the worst year is 2025, inni lows na life lo nenu personal ga eppudu face cheyaledhu, everything shattered like a snap, amma nanna iddharu okesari major accidents face chesaru, nannu chuskovalsina iddharu ippudu na midhe depend ayyi unnaru ane situation lo i was completely stuck, motham antha responsiblty 1qokesari vachindhi, valla hospital expenses ki intlo saving kuda ledhu, naku vache chinni salary tho chinna pani kuda avvadhu, aa situation lo nen help adagani vallu lero, nen help expect chesinavallu last ki help cheyaledhu including some of my relatives, kani nen em expect cheyani valle aa time lo nen unna antu, hope ichi aa suations nundi save chesaru, one among them is you 💎, nen nuvvu icchina money edho oka roju return chesthanu kani, nuvvu chesina sahayaaniki eppudu nen runapadi unta, aa runam ela thirchukovalo kuda naku thelidhu, forever I'm grateful for having you, all I can say is an un-measurable thankyou for being there in my tuff time. It all means a lot to me ❤️. And niku life lo eppudu elanti help kavallana nen okadu unna ani eppudu marchipoku 😊.

Inkem cheppalabba ee buddadhanik..... 😢😢 Ah! Just remembering how you used to console me when I'm in my lows, thinking of all those makes me feel like a fantasy world sometimes 😂, because naku ippatiki okati artham kadhu, entante naalanti oka boring person tho ela friendship chesava, ele nannu antha la open up ayyela marchesavaa ani, ippatikivaraku kuda evari dhaggara antha open ga free ga lenu, there very few frnds with whom I'm very free and comfortable, but andharikanna nuvvu eppudu oka mettu ekkuve 😅 nuvvu iche comfort and that feel that I get when I'm with you, is something that hits very different for me, I feel very safe, I don't have feeling of being judged with whatever I speak, feel so transparent all the time telling anything for you, I always have an urge to share whatever happens to me, and I never knew that I could be like this with someone stranger that I saw 4 years ago. Thanks for choosing me as your friend ❤️. I believe something that in any relation either a friend/ sister/ wife/ mother, it may be anything that a women fits into, women should be strong with that relation, and men just need to keep up their trust, that's where the bond becomes rock solid, I'll make sure to always keep up all the trust you have on me, and hope you are that strong too.

I recently again discovered that pen that you gave me in the 1st sem exams 😂, I still don't know why that comes behind me, prathi sari ekkado okachota padesi marchipotha, asalu gurthu kuda undadhu, but sudden ga konni months tarwatha malli kanipistundhi naku, this time naku baga gurthu undipoyela store chesi petta 😭😭, nuvvu anukovacchu enti ee picchodu 2rs ink ayipoina pen ki intha buildup isthunnadu ani, kani nenu strong ga nammedhi entante manushulakanna manatho unna memories eh manaku permanent, and I always carry the memories with me. But ee potti manishi memories tho paatu ee potti manishi kuda na life lo permanent ga undalani korukunta eppudu 😅.

Naku asalu na mind lo unna feelings ni paper midha pettedam ante antha nachadhu, but ee alavatu nuvve cheyinchavu, sometimes when I'm out focused nakem cheyalo thelidhu ela nannu nenu correct way lo pettalo thelidhu, appudu nen chese oka pani entante, nen elanti person, na morals enti values enti, na mindset enti, na strengths enti, weaknesses enti ani, anni rasthanu, rasi malli motham chaduvutha, then I can literally feel some shift of mind, leaving unnecessary thoughts, nenu enti ani naku nene gurthu chese oka practice idhi, nivalle alavatu ayindhi, thanks for that pottelu 🎉, and November vasthe chalu, na mind lo edho program schedule chesinatlu niku note rayali kadha ani gurthu vastundhi, em rayalo okka mukka kuda idea undadhu, oorike ala notes open chesi ni peru type chestha anthe, Inka choodu movie lo venaka flashback run ayinatlu nuvvu nannu kalisina 1st day nundi Inka na mind lo reel start avutundhi, Inka ala rayadam start chesthe, nake theliyalunda paper nimpestha 😅 😅.

Even this time I wasn't sure what to say you, because prathi saari note raasi raasi nalo unna ideas anni vaadesa 🥺 😂, but na mind lo ninnu thaluchukunte vacche 1st feeling. (Miss you so much paapa...), this is the only thing that made me drive throughout the process of making this note.

Nuvvu ni life lo entha peddha heights ki vellali ani korukuntaavo anni heights ki nuvvu reach avvali ani korukuntunna, and the special thing is when I'm writing this it's now exactly 11:11pm and there is some psychological belief that whatever that's manifested or wished at this time comes true. Hope all your dreams come true 😊 ✨. I wish that whatever you go through in your life maybe some days are very hard phases of life and some are very beautiful like a flower garden, neither should make you change, be a person who is loved by all and don't hurt anyone, respect everyone's feelings. It's obvious that you receive hatred even though you are a sweetheart, accept that and never try to go against that hatred, instead rise above it so that it's vanished like you can't even see that.

May god bless you with lots of health, wisdom, love and wealth 🙏 🙏

Ah! I hope you like the portfolio, I had no clue what to present you this time, I searched a lot of things, and I thought whatever that I give this time should be valuable one for you and I haven't found any such materialistic thing, so I finally decided why not do something that what I can do, and bring it a value, that's when I thought being an IT professional it's a future must to have a portfolio, and it's more impressive when you present yourself. Add it for your LinkedIn bio, so it will give the connecting/hiring person a quick background about you and will be easy to reach you out.

Once again wishing you a very very happy birthday potties 🎈 🎉, have a great day!

~Gottam 😊
